

The French American Academy of Jersey City

Our Distance Camp

Two teachers (French & English for each age-group) will lead fun activities online to keep our campers entertained and engaged through summer. Campers will take a *Journey Through The Colors Of Nature*, play and make scientific discoveries through activities in both languages that include Yoga, STEM, Gym, Music, Arts, Games, Oral and Written Workshops

Our Campers

Our online groups are small (6 to 8 children) and allow each camper to enjoy the virtual experience fully. We have activities designed for children from Preschool up to Middle school. The bilingual setting allows children with all levels of French to enjoy camp fully.
